

FLIR Systems Announces \$5.4 Million Order From U.S. Customs and Border Protection

PORTLAND, OR, Jul 13, 2010 (MARKETWIRE via COMTEX News Network) -- FLIR Systems, Inc. (NASDAQ: FLIR) announced today that it has received a \$5.4 million order from U.S. Customs and Border Protection (CBP). The contract award is for Star SAFIRE(R) HD stabilized multi-sensors. The units delivered under this order will be used to assist the CBP air assets in their performance on missions guarding the borders of the United States.

Work on this order will be performed at FLIR's facilities in Wilsonville, OR and deliveries are expected to be completed by the end of 2010.

"FLIR Systems continues to develop mission-ready systems that meet the long-range and durability demands of the U.S. CBP," said Earl R. Lewis, President and CEO of FLIR Systems, Inc. "This contract reaffirms the confidence CBP has in our systems to provide the right equipment for their critical missions."

Forward-Looking Statements The statements in this release by Earl R. Lewis, and the other statements in this release about the order described above, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks and uncertainties that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including the following: the ability to manufacture and deliver the systems referenced in this release, changes in demand for the Company's products, product mix, the timing of deliveries under the order discussed above, the impact of competitive products and pricing, constraints on supplies of critical components, excess or shortage of production capacity, the ability of the Company to manufacture and ship products in the time period required, actual purchases under agreements, the continuing eligibility of the Company to act as a federal contractor, the amount and availability of appropriated government procurement funds and other risks discussed from time to time in the Company's Securities and Exchange Commission filings and reports. In addition, such statements could be affected by general industry and market conditions and growth rates, and general domestic and international economic conditions. Such forward-looking statements speak only as of the date on which they are made and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of this release, or for changes made to this document by wire services or Internet service providers.
