
Dutch Army and Austrian Army First Customers of Hotzone Solutions 'New Generation of CWA Simulants'

HZS has the great pleasure to announce that the Dutch and Austrian Armies are the first customers for HZS's CWA Simulants.

Because of its low-toxicity, the use of HZS's CWA Simulants ([link to brochure](#)) will increase the trainees' level of preparedness, facilitate their training in realistic scenarios, and improve detection team's ability to achieve optimal performance with their detectors and decontamination exercises.

Furthermore, it will help them to easily recognize and identify the most dangerous CWAs (such as GB, HD, VX, etc...) during the course of their mission.

All Hotzone Solutions' CWA Simulants are in accordance with our Quality, Health and Safety Management Systems and tested procedures, and provided with European Safety Data Sheets and Safety Instructions.

Hotzone Solutions Information

Hotzone Solutions (HZS) is an international training and consulting company founded by a group of former military and civilian NBC defence officers, Inspection Team Leaders and weapons inspectors from United Nations Special Commission (UNSCOM), United Nations Monitoring, Verification and Inspection Commission (UNMOVIC) and Organisation for the Prohibition of Chemical Weapons (OPCW).
