AND THE EMMY GOES TO ... RED BULL STRATOS

New York, USA (May 08 2013) – Riedel Communications, one of the leading providers of real-time networks for video, audio and communications, has been awarded with an Emmy for the production of the Red Bull Stratos project, one of the most prestigious awards in the broadcast industry.

5 As part of the Red Bull Stratos project Riedel received the famous Sports Emmy Award from the National Academy of Television Arts and Science at the 34th Annual Sports Emmy Awards in New York. The Academy awarded the Red Bull Media House production Red Bull Stratos with the Emmy in the category "Outstanding New Approaches Sports Event Coverage". The Emmy Awards are regarded as the Oscars' equivalent for sports television.

10 Riedel furnished the fiber-based video and signal distribution as well as the wireless video links from the capsule's onboard cameras – enabling the stunning pictures delivered from the Red Bull Stratos capsule. Additionally, Riedel provided the entire communications solution for this outstanding project, integrating both wireless and wired digital intercom systems. More about Riedel's involvement with the Red Bull Stratos project can be found at the
